

Harrie Poulssen,

International Officer & music lecturer at University of applied sciences. Teacher training college primary, Katholieke Pabo Zwolle.

I am pleased to write a recommendation letter for Joanna Obuchowska. I highly recommend her as a student and co-worker in the education field.

I have known Joanna for past 5 months, during this period she was studying at the University of applied sciences, Katholieke Pabo Zwolle, Netherlands. She has taken the following courses that I teach: Music and Drama. She also participated in "Teachers In Europe Conference" organized by VIA University and Katholieke Pabo Zwolle University.

While being her professor I had the opportunity to observe her participation and interaction in the class and to evaluate Joanna's knowledge of the subject matter. She is an outstanding student in many aspects. Joanna has proven that through hard work, follow through, and team work, she can accomplish tasks in a courteous and timely manner.

As a student Joanna is a very active person and likes to achieve good results, she cooperates with students in a very personal way. She is driven by passion for education and has a natural approach, by intuition, for subjects to manage

Joanna's level of English is more than satisfactory and appropriate to communicate and for writing essays in English or other paperwork. Although it is sometimes noticeable that Joanna has a Polish background in writing sentences.

Joanna is decided to be the best teacher for children and creating a better world by good education. If she wants something to be achieved, she will achieve it and be successful. She is very critical about subjects of education and towards behaviour of her colleagues. Beside-she has a good insight and communicative skills with people from any background those positive described characteristics could work out in any environment. Someone could think: you are too fast and sometimes stubborn due to her passion and noticeable impatient. But if people know how to handle this with care then Joanna is a brilliant person to work with.

Joanna is brilliant, unique and passionate person for many reasons. She is open and honest about herself and she knows how to reflect and improve her actions and personality Finally, Joanna is a wonderful person to work with.

A handwritten signature in blue ink, appearing to read 'H. Poulssen', is written over a light blue grid background.

Sincerely,

Harrie Poulssen, International Officer & music lecturer at University of applied sciences.
